Before you send your file

- This product is cut to a special shape. Ask us for the exact cutter guide before you design.
- Don't place important information in the 5mm edge of the calendar as this could be pierced by drill holes.
- Please allow 3mm bleed on all sides.
- Supply as a CMYK PDF.
- All fonts outlined or embedded
- Resolution of 300dpi.
- For Promotional Calendars, please submit artwork as one PDF file in running order, from page 1 to page 28.
- It is recommended you do not place words, page numbers or images too close to the edges of each page. We would recommend a safe zone on all sides of at least 5mm for this product.
